

Building Immune Digital Twins WG

Athina Papadopoulou, WG Facilitator
26th September 2025

Funded by the
European Union

Main goals of the WG

- Build **data infrastructure** for computational models
→ scalable & shareable
- Establish **standards & FAIR-compliant practices**
(aligned with RDA and open practices)
- Foster a **long-term interdisciplinary global community**
- Use immune system as a **pilot example** →
extendable to other relevant applications

BIDT WG Co-chairs

Dr Anna Niarakis

Dr Reinhard
Laubenbacher

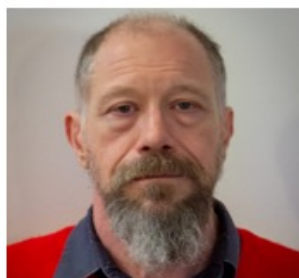

Dr Liesbet Geris

Dr Gary An

Dr Kristin Reiche

Dr James Glazier

Dr Noriko Hiroi

Dr Mohit Kumar Jolly

Thank you!
